loll is sustainability

Loll Designs was founded with a profound appreciation for the environment and a very simple mission: make sustainable products that enhance people's enjoyment of the outdoors. From the very beginning, we focused on the efficient and responsible use and reuse of materials. Fast forward to today, we're proud to be known for our unwavering dedication to the environment – diverting more than 97 percent of our waste from landfills – and for our expansive collection of stylish, maintenance-free, all-weather, sustainable outdoor furniture designed for the Modern Lollygagger.

At Loll, we strive to provide a variety of color options carefully selected to enhance any space and still work well together if mixed. Technically, our curated high-performance HDPE colors are designed to perform outside with a UV additive formulated for reduced surface degradation and fading caused by sunlight and other UV light sources. Loll furniture has consistent weathering performance that will last for years outside and remain vibrant.

nisswa collection

Sure, Minnesota may be known for snow and cold, but it's also the land of 10,000 lakes. The summers are warm and gorgeous, especially near a popular lake area in north-central Minnesota known as Nisswa. We named the Nisswa Collection in the spirit of the cabin life experienced there.

Maybe you've found yourself enjoying the last bits of a sunset, completely transfixed by the subtle changes across such a large canvas. Maybe some of your most cherished memories were made while dining in the fresh air with loved ones nearby. Or, perhaps you've discovered how nothing quite compares to your own personal open-air oasis. The masses can wait... time now to enjoy the untaught harmony of spring.

Some of life's best moments happen out of doors. The senses wake up, and our worlds become more vivid and rich. We gain perspective, and clarity, and peace.

Our wish is to help you create these kinds of moments for yourself, and all those who share your space. We truly believe that the whole world benefits when we take time to appreciate the outdoors.

With 100% recyclable material, and design dedicated to durability and longevity, we are committed to being a part of the circular economy. We design our furniture to have replaceable parts and have a takeback program to keep our products out of landfills. All of our HDPE products are Cradle to Cradle Certified™ which is the gold standard for designing and producing products in ways that enable a healthy and sustainable future, and our headquarters is a TRUE Gold certified facility with over 97% of waster diverted from landfill.

Cradle to Cradle Certified™ is a certification mark licensed by the Cradle to Cradle Products Innovation Institute. Learn more about Loll's Cradle to Cradle to certification at lolldesigns.com/cradletocradle

lollygagger collection

The Lollygagger Collection is our flagship collection. These unique products make a statement about what made in the USA should stand for: quality, environmental responsibility, good design, and community. Years of designing and manufacturing outdoor furniture went into creating this modern patio statement. Through 1% For The Planet, we annually donate 1% of the gross sales from all pieces in the Lollygagger Collection to charitable, environmental groups.
