Fabric Riviera

Riviera fabric for temporary outdoor use!

Riviera is the material that comes in a variety of pastel colours, which is suitable for use both in indoor and outdoor spaces. The fabric surface is provided with a special coating – the stain-free layer (teflon) offering lasting protection against dirt and moisture and ensuring run-off of spilled fluids (preventing absorption). Riviera is child-friendly as it contains no chemical substances (REACH conformity certification) and easy-care – the top surface impurities can be easily wiped off and the external case is suitable for machine wash at 40°C. This is a breathable fabric, which is suitable for temporary outdoor use: on porches, terraces, beaches and pool areas. Riviera fabric – a practical choice inspired by the Mediterranean Sea!

Our fabric RIVIERA has received a OEKO-TEX® 100 certificate. Riviera Fabric has a OEKO-TEX® 100 certificate that confirms that this furniture tapestry meets the international ecological standard OEKO-TEX®. This means that the Riviera material is high quality, completely safe to use, reliable, and contains no harmful substances and allergens, therefore it is particularly suitable for children.
